POPULATION OF MANITOBA

BY HEALTH REGION

VOL. 2 POPULATION 65 AND OVER,

JUNE 1, 1986 - 1989

MANITOBA HEALTH SERVICES COMMISSION

HEALTH INFORMATION SYSTEMS DIVISION

MANAGEMENT INFORMATION SECTION

90-05292/

FOREWORD

The population data shown in this report are for Manitoba Health regions for 1986 to 1989 and are based on Manitoba Healh Services Commission records.

Data for the regions include population of cities, towns, villages, rural municipalities, local government districts, and unorganized territories. It should be noted that villages and towns are separately identified if these are incorporated. If unincorporated, their population counts are included in the rural municipality in which these are located. Garden Hill, Red Sucker Lake, Ste. Theresa Point and Wasagamack Indian Bands, formerly located in Eastman Region, have been transferred to Thompson Region.

Population for small areas, say a rural town, can be biased because the mailing address may be reported as the place of residence. An individual residing outside the town but having his mailing address there may be counted as living within the town. This bias in the population figures is reduced as the catchment area increases. Thus, regional estimates are not significantly affected by the misclassification bias.

The type of place indicates Indian Band, unorganized territory, and municipal status of incorporated places (city, town, village, rural municipality, and local government district). The following list indicates the abbreviations used for type of places:

C	City
IB	Indian Band
IC	Inner City
LGD	Local Government District - a designated area having no local government; administered by the province through a resident administrator.
M	Municipality
RM	Rural Municipality
T	Town
UT	Unorganized Territory - an area with no local government or resident administrator.
V	Village
